**Diabetes Initiative of South Carolina
Outreach Council
January 1, 2011 – December 31, 2011
Annual Board Report**

As defined by Section 44-39-50 amendment to 1976 Code of Laws for South Carolina, The Diabetes Outreach Council shall oversee and direct efforts in patient education and primary care including:

1. Promoting adherence to national standards of education and care.
2. Ongoing assessment of patient care, costs and reimbursement issues for persons with diabetes in South Carolina.
3. Preparing an annual report and budget proposal for submission to the Diabetes Initiative of South Carolina Board.

Ongoing Outreach Council Meetings and Activities

The Outreach Council of the Diabetes Initiative of South Carolina met 4 times in 2011. The Statewide Coalitions met this Fall. The coalitions presented posters at the Annual DSC Primary Care Symposium in September 2011.

Prominent Activities

DSC website, www.musc.edu: Updated providing: SC Guidelines for Care, revised and updated. Guidelines approved by the Diabetes Initiative of SC Board. Links established to American Diabetes Association (ADA), American College of Endocrinology (ACE), American Association of Diabetes Educators (AADE), Joint Commission on Accreditation of Healthcare Organizations (JACHO), Juvenile Diabetes Research Foundation (JDRF) and Agency for Healthcare Research and Quality ((AHRQ). Definition of who can be a provider and guidelines for billable diabetes care. Information on how to become a Certified Diabetes Educator (CDE). Patient literature provided by governmental websites.

Ninth Annual : Diabetes/Heart Disease and Stroke Winter Symposium, " EVIDENCED-BASED MANAGEMENT- Primary Care Systems Change – Moving from Guidelines to Action!", March 11-12, 2011, Myrtle Beach, 220 participants.

LEGISLATIVE SCREENING: March 29 – 31, 2011: 4-6 nurses and MD for 3 days. A1C's, blood pressure and waist circumference provided. Counselors provided information and referrals. 100 people.

Programs and Activities of Outreach Council Partners to address diabetes:

- South Carolina Vocational Rehabilitation Department has taken 516 new referrals, served 1,342 cases and rehabilitated 348 people with diabetes disability.
- MUSC, 2nd academic institution in the nation to achieve JACHO? In-Patient Diabetes Recognition.
- South Carolina Hospital Association continues to focus on improving diabetes control in hospitals in South Carolina.
- Camp Adam Fisher, South Carolina's largest overnight camp for children with diabetes held on Lake Marion had 225 campers this year.
- Prevention Partners, part of the SC Department of Insurance Services provided diabetes education for over 300 state employees in locations throughout the state in 2011.
- SC Conference on Diabetes (formerly African American Conference), Brookland Baptist Church, Columbia, 11/7/2011, 700 participants.
