**MAJOR TEACHING RESPONSIBILITIES (CURRENT)**

**UNDERGRADUATE MEDICAL EDUCATION**

Attend in University Internal Medicine Clinic with 3<sup>rd</sup> year  
medical students on selective rotations.

**GRADUATE MEDICAL EDUCATION:**

Ward Attending on General Medical Service at MUH  
3 sessions a year

Clinic attending in University Internal Medicine Clinic on an ongoing basis

**CLINICAL INTERESTS AND RESPONSIBILITIES:**

My areas of major interest and responsibility are in Clinical care and education. In the area of clinical care, I have an active private practice at University Internal Medicine clinic which is a source of great personal satisfaction. Areas of particular interest are Geriatrics and Health Promotion/Disease Prevention. Besides direct patient care, I am involved in resident and student education at the University Internal Medicine clinic.

Student and resident education has been an interest for many years. My involvement in the Introduction to Clinical Medicine Curriculum has developed this interest through experience in Course direction and development. I was also involved in the exciting problem-based curriculum, the Parallel Curriculum, in the College of Medicine at the Medical University from 1993-2002. Now I am continuing combining my interest in geriatrics with student education in the Senior Mentor Course.

**COMMUNITY SERVICE:**

Volunteer Physician, Christian Medical Clinic, St. Andrews Church, Mt. Pleasant, S.C., 1986-2008

Volunteer Physician, Barrier Islands Medical Clinic, Johns Island, SC June 2008 to present
