

## CURRICULUM VITAE

David W. Ploth, M.D.

OFFICE ADDRESS: Division of Nephrology  
96 Jonathan Lucas Street, CSB 829  
Charleston, SC 29425  
Ph (843)-792-4123 or 9188 / FAX (843)-792-8399  
email: plothdw@musc.edu.

Dialysis Clinic Inc.  
1088 Johnnie Dodds Blvd.  
Mt. Pleasant, SC 29464

HOME ADDRESS: 2491 River Bluff Lane  
Mt. Pleasant, South Carolina 29466

PLACE OF BIRTH:

SOCIAL SECURITY NUMBER:

MARITAL STATUS:

EDUCATION: 1959 -1962 (Honors Program); Creighton University,  
Omaha, NE  
1967 - M. D.; University of Iowa, College of Medicine,  
Iowa City, IA

EXPERIENCE:

2006 - Present Editor-in-Chief, *The American Journal of The Medical Sciences*  
2006 – Present Medical Director; East Cooper Dialysis Clinic, Mt. Pleasant, SC  
1989 - Present Co-Director, Nephrology Program at Veterans  
Administration, Medical Center, Charleston, SC  
1989 - Present Medical Director, Dialysis Clinics Inc, Charleston, SC  
1987 - 1989 Director, Nephrology Program, Ralph H. Johnson Veterans  
Administration Medical Center, Charleston, SC  
1987 - 1989 Co-Medical Director, Dialysis Clinics Inc, Charleston, SC  
1987 - Present Director, Division of Nephrology and A.V. Williams  
Professor of Medicine, Medical University of South  
Carolina; Staff Physician, MUSC Hospitals; Charleston, SC  
1986 - 1987 Co-Director; Nephrology Program at Veterans Administration  
Medical Center, Birmingham, AL  
1985 - 1987 Professor of Medicine; University of Alabama at  
Birmingham, AL  
1981 - 1985 Associate Professor of Medicine; Division of Nephrology,  
University of Alabama at Birmingham, AL  
1981 - 1986 Director; Dialysis Facilities and Nephrology Program,  
Veterans Administration Medical Center, Birmingham, AL  
1975 - 1981 Assistant Professor of Medicine; University of Alabama at Birmingham, AL  
1974 - 1975 Research Associate; Physiologisches Institut, Universitat  
Munchen, Munich, Germany  
1972 - 1974 Nephrology Fellow and Instructor; University of Iowa  
Hospitals, Iowa City, IA  
1971 - 1972 Medical Resident; University of Iowa Hospitals, Iowa City, IA  
1969 - 1971 Medical Officer, U.S. Navy, U.S. Naval Hospital, Portsmouth,  
VA  
1968 - 1969 Medical Resident; University of Iowa Hospitals, Iowa City, IA  
1967 - 1968 Medical Intern; University of Chicago Hospitals, Chicago, IL  
1962 - 1967 Medical Student & Graduate Assistant; Department of Physiology, Iowa City, IA

CERTIFICATION:

Iowa State Board of Medical Examiners  
Virginia State Board of Medical Examiners  
Diplomate, American Board of Internal Medicine, 1972

Alabama State Board of Medical Examiners  
Diplomate, American Board of Internal Medicine, Nephrology Subspecialty, 1978  
South Carolina State Board of Medical Examiners, 1987

AWARDS:

American Chemical Society Award, 1960  
NIH Student Research Assistantship, Department of Physiology, University of Iowa, College of Medicine, 1963 - 1965  
National Kidney Foundation Research Fellowship, University of Iowa, College of Medicine, 1973 - 1974  
NIH Special Research Grant, Principal Investigator: David W. Ploth, M.D., Sponsor: G.F. DiBona, M.D., 1974 - not activated  
Duetsche Forschungsgemeinschaft Research Associate, Physiologisches Institut, Universität München, Munich, West Germany, 1974 - 1975  
National Research Council Travel Award to XXVII International Congress of Physiological Sciences, Paris, France, July, 1977  
American Society of Nephrology Travel Award to VII International Congress of Nephrology, Montreal, Canada, June, 1978  
American Society of Nephrology Travel Award to VIII International Congress of Nephrology, Athens, Greece, June, 1981  
Veterans Administration Clinical Investigator Career Development Award, 1982 - 1985  
DuPont-Merck Pharmaceuticals Travel Award to Spring F.A.S.E.B. Atlanta, Georgia, 1995  
President's Award, South Carolina Affiliate of the National Kidney Foundation, 1998-1999  
Founder's Award, Southern Society for Clinical Investigation, 2007

RESEARCH SUPPORT:

American Heart Association (Alabama Affiliate) Research Grant: Feedback regulation of nephron filtration rate. Principal Investigator: David W. Ploth, M.D. Total Award: \$55,000. 1978-1980.  
VA Merit Review Award: Renal autoregulatory control in hypertension.  
PI: David W. Ploth, M.D. 1976 (5 years); renewed (3 years), 1982; renewed (2 years) 1985; renewed (2 years), 1987.  
NIH-P 50 HL 25451; Hypertension-SCOR; USPHS: Component V: Glomerular hemodynamic and tubular absorptive function in renal vascular hypertension; Principal Investigator: H. Dustan, M.D. Principal Investigator: Component V & Co-Principal Investigator Component VII: David W. Ploth, M.D. Total Component V Award: \$509,400. 1980 - 1985  
NIH-RO-1 HL-35537; USPHS: Single nephron mechanisms in renal vascular hypertension. Principal Investigator: David W. Ploth, M.D. Total Award 1987 - 1990 - \$369,300  
NIH-P 50-DK39258; USPHS: Kidney and Urological Disease Research Center Grant: Mechanisms and Consequences of Renal Hypertension: Principal Investigator: R. Luke, M.D. Principal Investigator Component VII: Tubuloglomerular feedback mechanisms in renal vascular hypertension. Co-Principal Investigator Components III and IX. Total Component VII award: \$265,400. 1987 - 1992.  
NIH-P 50 HL 35051; Hypertension-SCOR; USPHS: Component V: Single nephron mechanisms in renal vascular hypertension; Principal Investigator: S. Oparil, M.D. Principal Investigator: Component V & Co-Principal Investigator: Component VI: David W. Ploth, M.D. Total Component V Award: \$610,500. 1987 - 1991  
Pfizer Pharmaceuticals: GITS Delivery of Nifedipine to Control Hypertension Clinical Trial: Principal Investigator: David W. Ploth, M.D. Total Project Funding: (approx)\$ 30,000. 1990 - 1992. Project Funding:\$ 40,000.  
NIH - USPHS: Member of Hypertension Training Grant Faculty: Principal Investigator: H. Dustan, M.D.and Nephrology Training Grant Faculty: Principal Investigator: R. Luke, M.D. 1980 - 1987.  
Pfizer Pharmaceuticals: GITS Delivery of Nifedipine to Control Hypertension Clinical Trial: Principal Investigator: David W. Ploth, M.D. Total Project Funding: (approx)\$ 30,000. Project Funding: (approx)\$ 40,000. 1990-1992.  
Pfizer Pharmaceuticals: A.C.T.Study: Amlodipine Community Trial. Principal Investigator: David W. Ploth, M.D. Project Funding: \$ 40,000. 1991-1993.  
NIH UO-1 DK48659; USPHS: African American Study of Kidney Disease and Hypertension, Charleston. Principal Investigator: D. Cheek, M.D. ; Co-Principal Investigators: F. Hutchison, M.D. and D. W. Ploth, M.D. Total Award 1994 - 2001- \$1,908,300.  
Smith-Kline & Beecham Pharmaceuticals: S K & B 108566-J: Comparison of SK & F 108566 and Enalapril on Cough and Blood Pressure in Patients with Essential Hypertension (Protocol 014). Principal Investigator: David W. Ploth, M.D. Total Project Funding: \$ 80,000. 1995-1996. Local Subprotocol Study: Effects of Enalapril and SK & F 108566 on Plasma Concentrations of Kinins, Angiotensin II, and Plasma Renin Activity.

Principal Investigator: David W. Ploth, M.D. Project Funding: \$ 110,000.  
1995-1996.

SmithKline & Beecham Pharmaceuticals: SB 209670: Intravenous SB 209670  
Compared to Placebo to Prevent Radiocontrast Induced Acute Renal Failure  
in Patients at Risk (Study 009). Principal Investigator: David W. Ploth, M.D.  
Project Funding: \$ 80,000. 1997-1998.

Veterans Administration Merit Review Application: Mechanisms of bradykinin mediated inhibition of absorption in the  
kidney. PI: D.W. Ploth. 1st year budget: \$149,000. Total budget: \$630,900. 1999-2003; renewal pending,2003

South Carolina Affiliate of the National Kidney Foundation: Research Fellowship application: Renal blood flow responses to  
COX-2 inhibition in normal and 2-K, 1C HT rats. Peter Jensen, M.D. Mentor and sponsor: D.W. Ploth. Research  
Fellowship salary support. Award budget: \$24,600. for two years.

Dialysis Clinics, Inc./Paul Teschan Research Fund: Prospective analysis of costs for global management of a select  
population of patients with end stage renal disease on hemodialysis. PI: D.W. Ploth. 1st year budget: \$ 65,000.  
Total budget: \$130,000. 2005-2007

Cato-Medical: SRA Life Sciences: A Phase 1-2 Multicenter, Randomized, Double  
Blind, Placebo Controlled, Dose Escalation Study of a Locally Acting  
Antithrombotic Agent, CCI-1004, in Hemodialysis Patients with Vascular  
Access Occlusion. Contract approx \$200,000. 2000-01.

Marine Polymer Technology: PVAT (Prevention of Thrombosis in Vascular Access Trial)  
2005-2006; Total costs, \$170,000.

Amgen: Anemia Clinical Trial involving Bioreactor generated EPO; 2005-2006; approx total budget \$100,000.

#### SOCIETIES:

Mount Desert Island Biological Association, Salisbury Cove, Maine, 1963 - 1967

American Federation for Clinical Research, 1973 -

National Kidney Foundation, 1973; National Medical Advisory Board of NKF 1990 National NKF Nominating Committee  
1993 - 1995

Member, American College of Physicians, 1973

American Society of Nephrology, 1976

Jefferson County (AL) Medical Society, 1976 - 1987

Medical Association of the State of Alabama, 1976 - 1987

American Physiological Society, 1977; National Nominating Committee (Committee on Committees), 1993 - 1996

Fellow, American College of Physicians, 1977

International Society of Nephrology, 1977

Southern Society for Clinical Investigation, 1978; Nominating Committee, 1992 - 1994; Council 1994 –present; secretary-  
treasurer, 1998-2003; President, 2003-2004;

Birmingham Society of Internal Medicine, 1979 - 1987

Central Society for Clinical Research, 1981 -

South Carolina Affiliate of the National Kidney Foundation, 1987 - present

Charleston County Medical Society, 1989 - present

Medical Association of the State of South Carolina, 1993 -

#### ACTIVITIES:

1979-1987 Director, Renal Pathophysiology Core Teaching Program, UAB  
School of Medicine, Birmingham, AL

1980, '84, '87 Abstract Reviewer, Program Committee and Session Chair,  
American Society of Nephrology Meeting (several other years)

1984 & '86 Abstract Reviewer, Program Committee and Session Chair,  
American Federation for Clinical Research

1984-1987 Veterans Administration Research and Development  
Committee, Birmingham VA Medical Center, Birmingham, AL

1985 Chairman, Subspecialty Program for Hypertension, XVIII  
American Society of Nephrology Meetings, New Orleans, LA

1987- Director, Nephrology Training Program, and Co-Director  
Charleston Veterans Administration Medical Center and MUSC

1987- Renal Teaching Program, Medical University of South Carolina,  
School of Medicine

1987- Member, Graduate School Faculty, Medical University of South Carolina

1987- Member, Molecular-Cell Biology Graduate Faculty Program

1988-1989 Member, Veterans Administration Research and Development  
Committee, Charleston VA Medical Center

1989-1991 Chairman, Veterans Administration Research and Development  
Committee, Charleston VA Medical Center

1989-1992 National Public Relations Committee, The American Society of Nephrology

1989-1990 Search Committee for Chairman, Department of Urology, MUSC

1989-1990 Selection Committee for Developing Faculty Scholar, MUSC

1989-1999 Member, Executive Board of South Carolina Affiliate National Kidney Foundation

1989-1966 Member, Medical Advisory Board of South Carolina Affiliate National Kidney Foundation

1990-1996 Chairman, Medical Advisory Board of South Carolina Affiliate National Kidney Foundation

1989-1997 Member, Low Country Cadillac Golf Committee; SC Affiliate National Kidney Foundation

1990-1994 Chairman, Low Country Cadillac Golf Committee; SC Affiliate National Kidney Foundation

1990-1996 Hospital Credentials Committee, Medical Univeristy of South Carolina

1990-1991 Chairman, Selection Committee for Developing Faculty Scholar, MUSC

1991-1994 Member, Dean's Executive Curriculum Committee, MUSC

1992-1996 Member, Faculty Promotions and Tenure Committee, College of Medicine, MUSC

1993-1996 Member, Committee on Committees, Am. Physiological Society

1994-1995 Member, Search Committee for Dean, College of Nursing, MUSC

1994-1998 Member, Council, The Southern Society for Clinical Investigation

1995-1996 President, South Carolina Affiliate National Kidney Foundation

1996-present Member, Editorial Board, American Journal of Medical Sciences

1997-2000 Member, Public Policy Committee, Am. Society of Nephrology

1998-2003 Secretary-Treasurer, Southern Society for Clinical Investigation

1998- Member, Dialysis Clinic Inc. Paul Teschan Grant Review Committee

2002-2003 Pres. Elect, Southern Society for Clinical Investigation

2002-present Chair and Co-Chair, Amgen Young Investigators' Research Forum

2003-2004 President, Southern Society for Clinical Investigation

2005- Editor, The American Journal of The Medical Sciences

Editorial Board, American Journal of Medical Sciences, Ad Hoc reviewer for Hypertension, Kidney Internat., J. of Clin. Invest. J. Lab. Clin. Med., Am. J. Clin. Sci., Am. Journ. Physiol. and others. Ad Hoc reviewer for NIH site visits. Invited International Symposia and Seminars including FASEB Symposia, International Symposia at Lund, Sweden; Tegernsee, Germany; San Deigo, CA; and Seminars at Kiel, Germany; SUNY, Stony Brook; Bowman Gray Univ. School of Med.; Tulane Univ. School of Med.; and others.

#### RESEARCH INTERESTS:

Control of renal hemodynamics, autoregulation and renal tubule absorptive function in normal and hypertension;

Role of single nephron tubuloglomerular feedback mechanism in control of autoregulation;

Angiotensin control of renal function in stenotic and nonstenotic kidneys in renal vascular hypertension;

Role of renin-angiotensin, kallikrein-kinin and COX systems in the control of renal and single nephron function in normal and hypertensive states;

Kinin control of signaling pathways and cellular transport mechanisms in collecting duct absorption;

Resource utilization and financial costs for maintenance hemodialysis;

Urea transport and mechanisms of osmoregulation in marine species
